

Maurea Marae River Entrance Restoration and Access Enhancement - Stage I

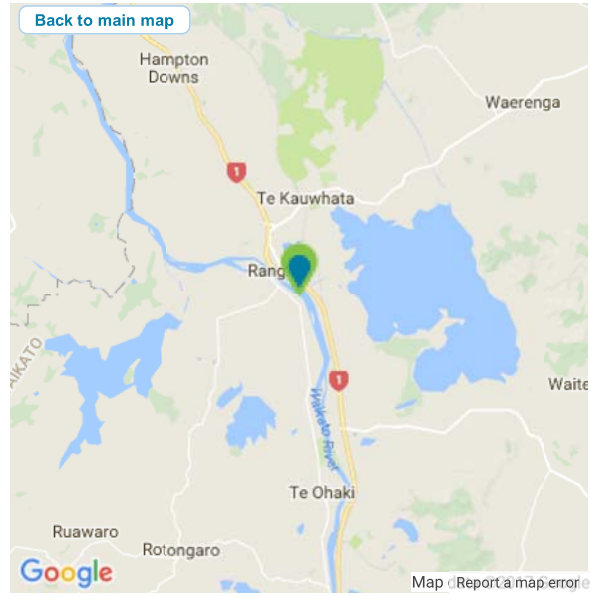

Ata Ngakete
022 3063 784

0

A project to undertake Waikato River access and planting near the entrance to the Maurea Marae.

The project has three main objectives:

1. Implement first stage of improving access to, and along, the Waikato River for traditional purposes and also recreational purposes.
2. Restore and replant 2.1ha of river margin in front of the Maurea Marae.
3. Inspire adjoining landowners to fence off their river margins from stock and replant them. WRA 15-020
