

### Taupiri streams restoration plan

3 Way Charitable Trust - Christopher George  
 027 203 1885  
 66boxergeorge@gmail.com

This project involves the development of a Management Plan that will restore and protect Waikato River tributaries starting at Taupiri Maunga.

The specific objectives of the projects are to create a Management Plan in a twelve month period that would direct the restoration and protection of the lower catchment of the tributaries starting at the confluence of the Waikato awa at Taupiri.

This project received funding from the Waikato River Authority (WRA 11-002)
