### **MY SUBMISSION IS THAT:**

I oppose because implementing nutrient losses based on historical data is fundamentally flawed and thus unfair,

I agree that excluding intensively grazed cattle is a reasonable goal but to include every water way is an unrealistic expectation

### **Decision sought**

*Select as appropriate.*

### **I SEEK THE FOLLOWING DECISION BY COUNCIL**

- . Decline the provision
- . If not declined, then amend the provision as outlined below.

*State clearly the decision and suggest changes you want Council to make*

### **Amend as follows:**

If nutrient restrictions should be enforced it should be based on soil types, and land classes rather than individual historical nutrient use
